2023/24 SHIPPERS LISTS

The California Citrus Quality Council is providing a voluntary service in developing a shippers' list of approved packinghouses for use in the export of citrus to Australia, China, Chile, Thailand and Vietnam. The Council will use reasonable efforts to develop these lists; however, the Council is not responsible for the information contained in the lists, including any errors or omissions in the lists, or for the subsequent use of these lists. Consequently, the shipper providing such label information to the Council recognizes and agrees that the Council shall not be liable for any costs or damages that might occur associated with the Council providing this voluntary service.
